

Chev-Ease

add Chevron striping with Ease

Turn This...

Into This...

For as low as \$10 per square foot

If your emergency vehicle has diamond plate on the rear, make it more visible with Chev-Ease. The unique design provides 27% more surface area coverage than 3/4" dots and 44% more surface area coverage than 5/8" diamonds. Plus, Chev-Ease comes in manageable size strips for easy application.

Option 1:

\$10/sq.ft.

Alternate Red Reflective & Yellow Non-Reflective Material
Non-Reflective Yellow has better day time visibility

Option 2:

\$15/sq.ft.

Alternate Red Reflective & Yellow Reflective Material
Reflective Yellow has better night time visibility

Option 3:

\$15/sq.ft.

Alternate Red Reflective & White Reflective Material

Simply measure the area you want to stripe, multiply length times width to figure the square feet of material needed, and multiply that by either \$10 or \$15 to figure out your total cost.
